SECOND REQUEST FOR CORRECTED PUBLICATION
AND STATUS INQUIRY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The above-captioned patent application was published by the United States Patent and Trademark Office on September 29, 2005. Due to a clerical error by the Patent Office, this Application was published with an incorrect set of drawings. The drawings published with the Application bear no relationship to those in the original application as filed.

A Request for Corrected Publication was filed in, and acknowledged

by, the Patent Office on February 8, 2006. The Request for Corrected Publication identified the foregoing error and asked that the Application be properly republished including the correct drawings. To date, it appears that no republication has been effected.

Accordingly, Applicant now respectfully requests that the Application be promptly republished with the correct drawings, and requests to know when such republication may be expected. A copy of the drawings, as originally filed, is attached hereto as Appendix A, along with a set of replacement drawings (attached hereto as Appendix B) as filed in a Preliminary Amendment dated September 22, 2004. The replacement drawings were previously amended to include the legend "Fig." Also enclosed is a copy of the previously filed Request for Corrected Publication along with a corresponding Return Receipt Postcard bearing the official date stamp of the United States Patent and Trademark Office (attached hereto as Appendix C).

Inasmuch as the subject publication error is believed to be due to a clerical error on the part of the Patent Office, no fee should be required at this time.

If the enclosed papers or fees are considered incomplete, the Patent Office is respectfully requested to contact the undersigned collect at (617) 868-8871 in Cambridge, Massachusetts. The Commissioner is hereby also authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to Deposit Account No. 50-3950 of Bergman & Song LLP, under Order No. T1000-0001-P001.

Dated: OCT 07 2006

Respectfully submitted,

By
